CERTIFICATES

Flutter & Dart - The Complete Guide (04/2020 - 09/2020)

A Complete Guide to the Flutter SDK & Flutter Framework for building native iOS and Android apps

PERSONAL PROJECTS

Trippy - Trip Made Easy (01/2022 - 06/2022)

- This app is a Travel Planner which mainly deals with the issue of being able to translate text from pictures and has extra features related to traveling like a budget planner and To-Do List.
- [Github](#)

QR Scanner App (03/2022 - 04/2022)

- Made an app for our biggest event of the Navrachana University in which we will scan QR code and app will display name and number of the person and update in database.
- [Github](#)

FreshPancakes (09/2021 - 09/2021)

- Made an app for freshers party in which we will scan QR code and app will display name and number of the person and update in database
- [Github](#)

Chat App (06/2021 - 07/2021)

- In this app I have used Firebase Cloud Firestore as well as the Firebase authentication package to equip our app with a cloud-based NoSQL database and secure authentication methods
- [Github](#)

BMI Calculator (05/2021 - 05/2021)

- This app is inspired by the beautiful designs made by Ruben Vaalt . It is a 2 screen app with simple functionality and full-on custom styling.
- [Github](#)
